The Best Promoter

The carefully prepared and well displayed advertisement is the most successful "promoter." It "sells" more people in one day than the average human promoter can interview in the whole of his professional career. It appeals to the reader directly and convincingly, and catches the trade that could not be influenced by the most eloquent talker. The wise business man employs the most potent agent to strengthen and increase his business.

SUBSCRIPTIONS—IN ADVANCE

One Year	1.00
Six Months	.50
Three Months	.25

DELIVERED BY CARRIER

Per Month. 30 Cents

Payable to Collector at end of Month.

If "Prohibition prohibits" the sale of liquor, will some genial Prohibitionist please inform THE LEADER how it is that Mrs. Carrie Norton finds so many saloons to smash in Kansas, which is a red-hot Prohibition state? Don't all answer at once, please.

The Chicago Times-Herald says the best idea in Mr. Bryan's new weekly, The Commoner, "expressed with much dialectic circumlocution, and the inevitable parallelism between himself and CHRIST—is that anyone can become one of the common people by subscribing \$1 to The Commoner."

The rich man who has acquired his wealth honestly and subscribes is one of the common people, while the poor man who fawns on the plutocrat and does not subscribe to Mr. Bryan's paper is commoner than mud.

By this arbitrary rule Mr. Bryan divides his fellow-citizens into the common people and the uncommon people, and we are grieved to state that the latter outnumber the former by more than a thousand to one.

It looks like NEMESIS—that awful and mysterious avenger of wrong—was following the chief actors in the persecution of the alleged slayers of Senator GORREL. James Norton, one of the Kentucky Janitors, was hanged to death in the Jail at Nashville; GEORGE FRANKLIN WEAVER, the famous perjurer "star" witness against POWERS, was almost unanimously denied membership in the Barber's Union at Louisville; FINLEY ANDERSON, another self-confessed perjurer, who was also a "star" witness for the prosecution, had been indicted by the Court in Bell county for non-support of his children; two of the most respectable members of TOM CAMPBELL's law firm in Cincinnati have withdrawn from it and now comes the complete destruction by fire of Judge CASTELL's palatial home at Georgetown. These events appear in the light of retributive justice.

Mason, Bracken and Robertson counties, Ky., and Brown county, O., "sports" had a big cocking man in a secluded spot in Mason county, at which about 60 "cock" traps were placed among the feathered fraternity beginning at 11 p. m. Thursday and ending at daylight yesterday morning.

Of course Mayville birds carried off most money. Here's the way they won and lost—

Minerva won 5 and lost 9 fights; Augusta won 4 and lost 7; Brookville lost 3; Ripley won 1 and lost 3; Mt. Olivet lost 3; Mayville won 6 and lost 9.

When pain or irritation exists on any part of the body the application of Ballard's Snow Liniment will give prompt relief. Price, 25c and 50c. J. J. Wood & Son.

The crowd then moved to John Peterson's building, in which George Armerman is said to keep a gambling room. Peterson announced that if any one went into his building he would have his head broken. The women decided not to try.

While the women were ridding the saloon a crowd of men, non-sympathizers, stood on the adjacent sidewalk and jeered the women. "Nearer, My God, to Thee," the women sang as they are not yet through.

Mrs. William Lathrop, wife of the keeper of another alleged joint, had a big gun, and promises to make trouble if the temperance women come to her husband's place.

WHISKY IN THE SEWER.

A Hivewhisker (Kann) Druggist Publicly Destroyed All the Liquor, Including Wine, in His Store.

Hivewhisker, Kan., Feb. 2.—P. J. Eicholtz, a local druggist, made public his determination to destroy all the liquor in his store. He emptied 100 gallons of whisky into the sewer. On Saturday he publicly destroyed the remainder of his supply of liquors, including several barrels of wines and whiskies. The affair was made in occasion of rejecting the local ministers and the public being invited to attend. The druggist has concluded that to sell liquor for any purpose is wrong.

TO TEST THE MATTER.

Question as to Whether Saloon Property Is Entitled to Protection Before the Courts.

Wichita, Kan., Feb. 2.—The question as to whether property used as a saloon in Kansas is entitled to the protection of the courts will be decided some time next month. A few weeks ago Mrs. Sheriff, the woman who led the destructive raid at Anthony on Wednesday, closed a saloon at Danville, Harper county. Frank Osborn, the owner of the building, has now brought suit against her in the district court for damages.

Topkapi Saloon Keepers Warned.

Topeka, Kan., Feb. 2.—Mrs. Carrie Norton has sent a letter to all the saloon keepers in Topeka, warning them to stop their business. The letter was addressed to "the joint keepers" of Topeka, "Nigger hell-bound sinners." She intimated that forcible measures would soon begin if they did not close up.

Insurance Company Alarmed.

Scott, Kan., Feb. 2.—A new York paper published a pamphlet, named "The Largest in the Country," has sent its Kansas agents instructions to amend their policies on glass in all saloons and drug stores to protect the company against loss by Mrs. Carrie Norton and all members of the W. C. T. U.

RECRUITS WANTED

Stations Have Been Established at All Principal Centers of Population in the Country.

NO DELAY IN REORGANIZING THE ARMY

Ten Additional Regiments of Infantry and Cavalry, Authorized by Congress, Are to Be Raised.

The President Will Have to Appoint About Eighteen Hundred Officers to Meet the Requirements of the New Law.

Washington, Feb. 2.—There will be no delay at the war department in executing the army reorganization law. The reorganization scheme endorsed almost the entire attention of the military authorities Friday, and the result will be officially promulgated in general orders as soon as the bill shall have been signed by the president. The matters which will receive the earliest attention are the appointments of the general and field officers and the recruitment of the ten additional regiments of infantry and cavalry authorized by the bill. Recruiting stations have been established at all the principal centers of population, and all available officers in this country have been assigned to recruiting duty. There is an immediate demand for at least 1,000 recruits to meet deficiencies in the Philippines caused by the necessary discharge of the entire volunteer force by the 30th of June at the latest.

Appointments Decided Upon.

All the principal appointments provided for in the bill practically have been decided upon by the president. A list of these nominations has been made out at the war department and will be submitted to the senate without delay. It is confidently expected the appointments already agreed upon will be sent to the senate early in the week, possibly Monday. These appointments will include a lieutenant general, four major generals, nine brigadier generals and the colonels and other officers essential to the organization of the ten new regiments.

Miles For Lieutenant General.

The impression prevails at the war department that Gen. Miles will undoubtedly receive the lieutenant generalcy, and that Gen. MacArthur, Wood, Wade and Young are most likely to be made major generals, although it is possible that Gen. Merriam will be made substitute for one of the four named. Among the officers mentioned as likely to receive commissions as brigadier generals are Gen. Bates, Wheaton, Chaffee, Schwan, Arnold, Rodgers and Wood. Of the last named does not secure the higher rank.

There Are Many Applicants.

Including line and staff, the president will have to appoint about 1,800 officers to meet the requirements of the new law. There is great pressure to secure these appointments, and the president will be exceedingly busy for some time to come in making his selections from among the almost countless applicants either for original appointments or promotions.

THE NEELY TRIAL.

It Is Expected the Hearing Will Begin February 15.—The Government Collecting Evidence.

Havana, Feb. 2.—As is customary in all such cases, the fiscal has visited C. F. W. Neely in the carcel, with a view of getting a statement from him, but the alleged embezzler refused to talk, and on the advice of his counsel. The government is hurrying up the collection of its evidence in the post office fraud cases, and it is expected that the hearing will begin February 15.

In the case of John Sheridan, who confessed to having stolen \$1,300 while in charge of the money order department of the Havana post office, the fiscal has recommended a sentence of two years' imprisonment.

Won on a Foul.

Milwaukee, Wis., Feb. 2.—Jake Magner, of this city, was awarded the decision over Clarence Glass, of Chicago, on a foul in the third round here. Mike Irish, of Milwaukee, knocked out Harry Shepard, of Springfield, O., in two rounds, and Al Gray stopped Ed Howard, of Chicago, in 30 seconds.

Week's Failures.

New York, Feb. 2.—Failures in the United States for the last week of January number 238, as against 281 last week, 171 in this week a year ago, 207 in 1900, 205 in 1899 and 305 in 1897.

Boer Leader Surrenders.

London, Feb. 2.—A dispatch from Pretoria announces that Pretorius, one of the leading Boers, has surrendered. Pretorius has been signed that the Boers are as determined as ever to fight.

Wade to Succeed MacArthur.

Washington, Feb. 2.—Maj. Gen. Arthur MacArthur will be relieved from duty as the commanding general of the division in the Philippines in April next, and will be succeeded by Brig. Gen. James F. Wade.

The Shipping Bill in the Senate.

The shipping bill was kept steadily at the front in the senate, and, in order to further its progress, a motion was agreed to for a session beginning at 11 a. m. Saturday. Senators Rawlins (Utah) and Berry (Ark.) occupied much of the time in speeches of vigorous opposition. Toward the close of the day a spirited discussion was precipitated by an amendment offered by Mr. Clay (Ga.), proposing to delete the Nicaragua canal bill with the shipping bill. The proposition was strongly opposed by Mr. Frye and Mr. Chandler as calculated to embarrass and delay the shipping bill. Mr. Frye appealed to senators to permit the majority, after fair debate, to assume its responsibilities as a majority of passing the shipping bill.

TEMPORARY INJUNCTION.

The Court Is Asked to Act in the Jeffries-Rubin Fight Case—They Can Be Reconciled.

Cincinnati, Feb. 2.—The motion for a temporary injunction against the Jeffries-Rubin fight was filed just before noon Friday in the court of common pleas by Attorney Charles E. Tenney.

Attorney Gus Wald Saturday asked Judge Hollister to set a time for the hearing on the temporary injunction next week. Judge Hollister will hear the motion in a few days.

"If the temporary injunction is granted," said Attorney Wald, "no bond will be necessary to complete the injunction. This is a popular misunderstanding of the case, but the truth of the matter is that when the state of Ohio brings suit in its sovereign capacity it is not required to give bond, for it is not liable for damages. The only way damages can be obtained from the state is by going to the legislature, and I do not think either the prize fighters or their managers would stand much of a show there."

An eminent legal authority, who has investigated Ohio's prize fight laws thoroughly, claims that the arrest of Jeffries and Rubin by Squire Hocking's constable does not preclude the right to rearrest them on the same charge of preparing for a fight. "This is a continuing cause of fight," says the attorney in question, "and the fighters could be arrested again and again, and forced to give bond in any amount."

BIG RAILWAY DEAL.

The Control of the Southern Pacific Railroad Transferred to the Hands of a Syndicate.

New York, Feb. 2.—Another railroad transaction, reaching, it is believed, much further in its ultimate results than any of the deals that have thus far marked the closing of the old and the beginning of the new century, became known just a few minutes before the closing of the market, when the transfer of the control of the Southern Pacific coast line into the hands of a syndicate in which the Union Pacific interests predominate, was announced. The transaction comprises the link necessary for the establishment of a trans-continental railroad under a single control.

THE MAINE WRECK.

Bids Opened For Its Removal From The Harbor of Havana—The Offer of a Chicago Firm.

Havana, Feb. 2.—Bids for raising the wreck of the United States battle ship Maine were opened. There were 12 bidders, whose offers ranged from \$67,000, the bid of the New York firm, of New Orleans, to the proposal of Chamberlain & Co., of Chicago, to remove the wreck for nothing and to give the government the right of sale on the sales of the material in the form of souvenirs. One contractor proposed to raise the wreck with a balloon.

Solemn Requiem Mass Celebrated.

Santiago de Cuba, Feb. 2.—A solemn requiem mass, with full ritual, was celebrated in the cathedral for the repose of the soul of Queen Victoria. The British consul, and Gen. Whitledge, accompanied by all the officers at headquarters and Morro barracks, in full uniform, attended the service, together with the civil officials and foreign consuls.

Took the Oath of Office.

Chicago, Feb. 2.—James S. Harlan, attorney general for the island of Porto Rico, with power to act, took the oath of office for that position, his commission having been signed by President McKinley and Attorney General Griggs on January 21.

QUEEN'S REMAINS REMOVED TO LONDON

Millions in the Metropolis Watched the Grand Military Tribute to the Dead British Sovereign.

At Forefront the Cover of the Great Stone Sarcophagus Has Been Rolled Away to Admit the Queen's Body Mummy.

London, Feb. 2.—Half a million of the late Queen Victoria's devoted subjects lining the shores of the Solent witnessed a majestic and awe-inspiring pageant and bade a last farewell to their beloved ruler. All who witnessed of the function testify to the profound emotion it inspired and agree that the spectacle could not have been surpassed for splendor and solemn effect. The dominant note in the whole scene was its grand simplicity and so far as human utterance was concerned, for its silence. The solemn procession glided along in beautiful order and precision, as though moved by some hidden power. No incident of any kind occurred to mar the stately beauty of the scene. The traditional "queen's weather," the "Queen of the Seas" was carried across the waters to the accompaniment of minute guns and military music—a picture which will live in history.

The Military Parade.

The millions of the metropolis Saturday rendered their even grander

adorn its sides, each with a golden monogram, "V. R. I." At Forefront the cover of the great stone sarcophagus has been rolled away. When the queen's remains are laid beside those of the prince consort the stone will be replaced and finally sealed, a marble figure being placed above it.

Reclad and Gracious Burial.

The Daily Telegraph, commenting upon the ceremony, says: "In the annals of a thousand years and the records of our island dynasties there has been nothing to equal or approach the opening scene of the last progress of the mother of her people. The first stage has been traversed in the most regal and gracious burial that ever passed over English sea and land."

The Standard says: "The whole world is standing beside the open grave. We have arrived at a solemn and historic moment that will long be remembered in British annals. We need not go back to the sugar for the substance of romance."

Solemn Funeral Ceremony.

"There was no less poetry and there was better and truer pathos in the picture painted on the Solent than any legendary painting of a dead sea king floating away to the sunset from his native haven."

The Daily Chronicle says: "The solemn funeral course of the immortal Albert will carry back the imagination of Englishmen to the last voyage of Arthur's barge as it bore the 'flower of kings' to the island of Avalon."

The Morning Post, which regards Friday's marvelous scene as "emblematic of England's naval power," says:

"Surely that silent farewell of the dead queen must convince the nation of its duty. For the ends of the world have come to rest on us, and at times we are a little weary. But

DEFIANT ATTITUDE.

The Venezuelan Government Will Send a Regiment to Dispossess Americans at Pitch Lake.

Port of Spain, Trinidad, Feb. 2.—The Venezuelan government continues to maintain a defiant attitude toward the United States. The report is now circulated that President Castro, having troops at his disposal in the eastern provinces since his victory there over the insurgents, will send a regiment to dispossess the Americans at Pitch Lake.

The company will resist, but no doubt it will be ousted if the threatened attempt is made unless large reinforcements are received. Grave complications would inevitably ensue. Mr. Loomis, the United States minister, is trying to compromise matters, but he is met in an unfriendly spirit by the government of Venezuela.

LI HUNG CHANG.

It Is Rumored at Tien-Tsin That the Great Chinese Statesman Is Dead.

London, Feb. 2.—The Tien-Tsin correspondent of the Standard, writing Thursday, says it was rumored that day in Tien-Tsin that Li Hung Chang was dead.

Paris, Feb. 2.—The foreign office has no news of the death of Li Hung Chang, as reported by the Frankfort Gazette. M. Pinchon, the French minister at Peking, has not alluded to his illness for some time, so it is supposed that he is not seriously ill.
